DATA SHEET

Mini rail system

for trapezoidal sheet metal roofing.

HQ-U67

EN 1090-1:2009+A1:2011 Factory Production Control Conformity

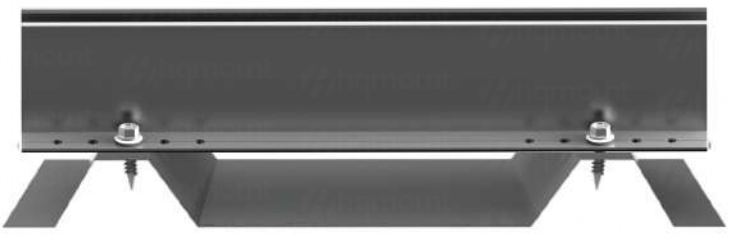

Data Sheet

www.hqmount.com

Code: HQ-U67

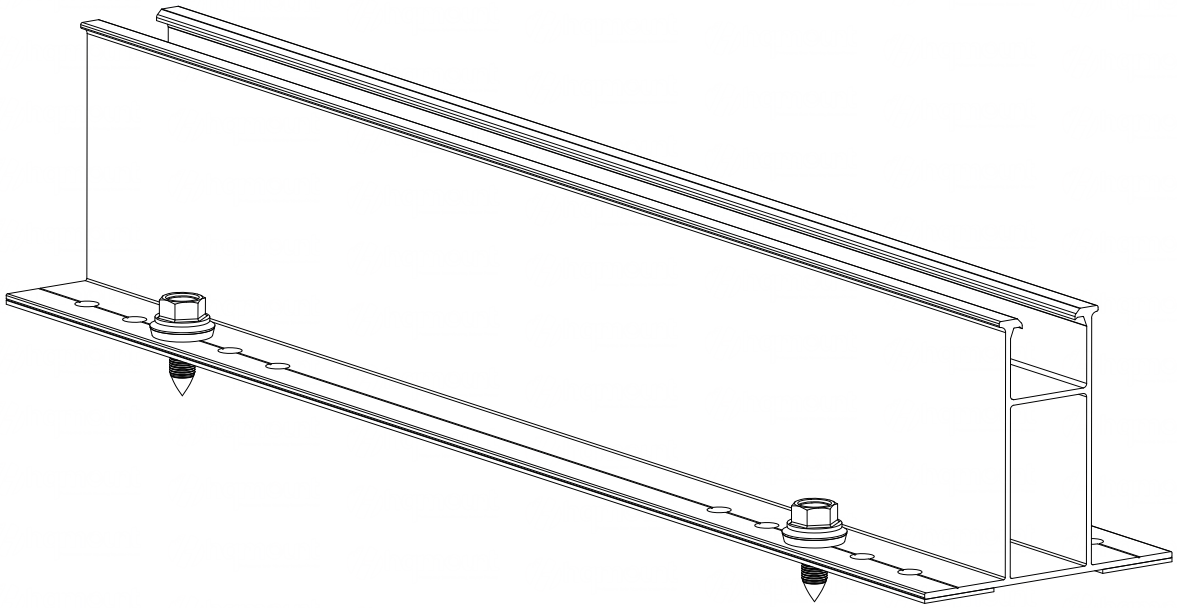

Mini rail system for PV mounting on trapezoidal sheet metal roofing.
Save 40% on solar mounting costs.

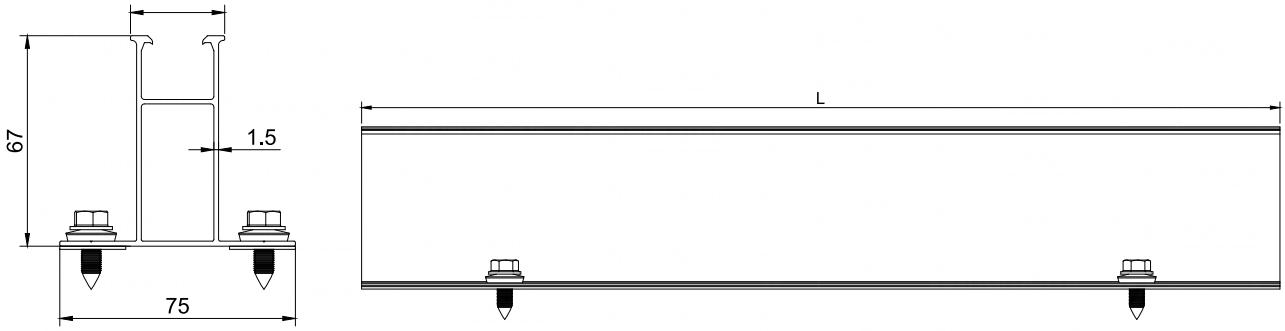

Material

	quantity	Specification	Material	Hardness
Mini rail	1	L=300mm	aluminum 6005 T5	HW 12-16
self-drilling screw	4	6.3x 25mm	SUS 410	

Specification

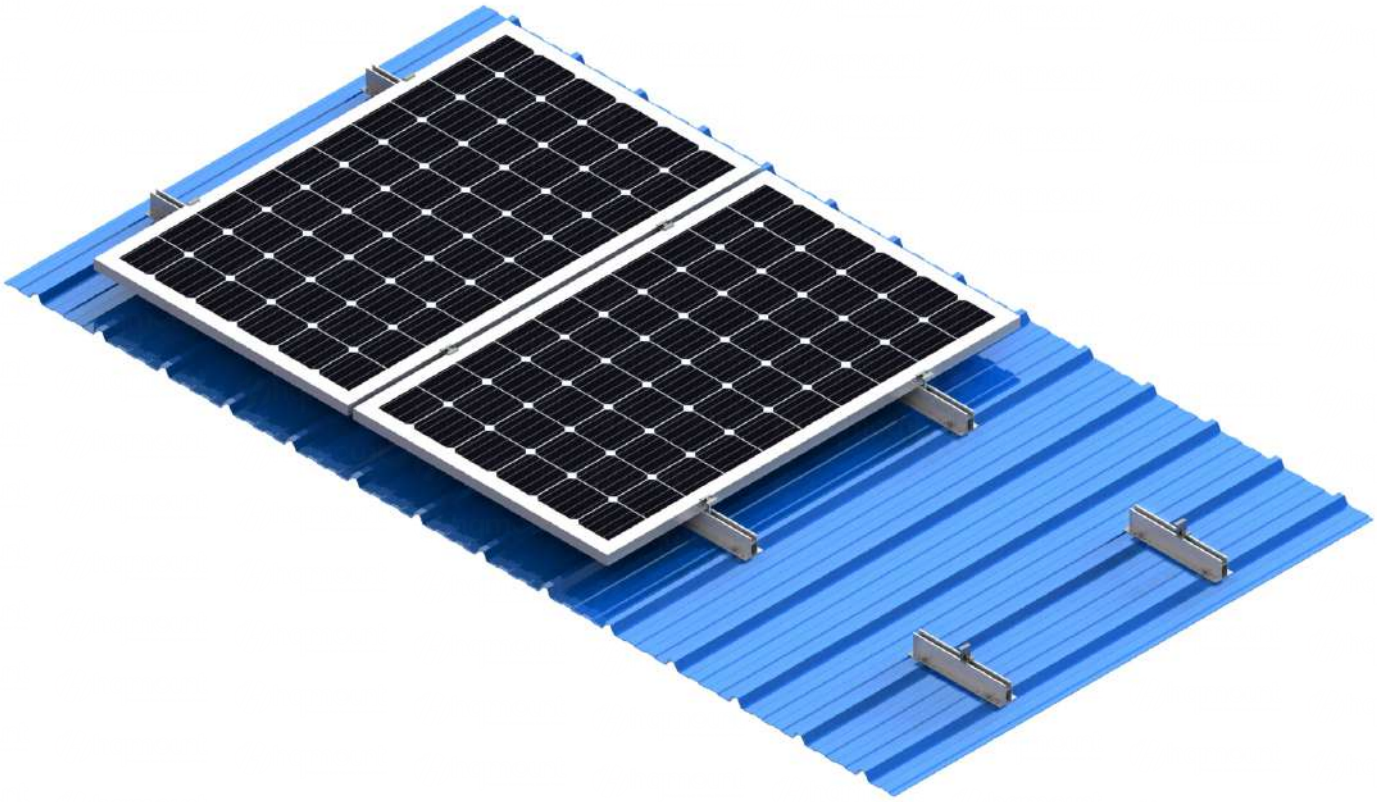

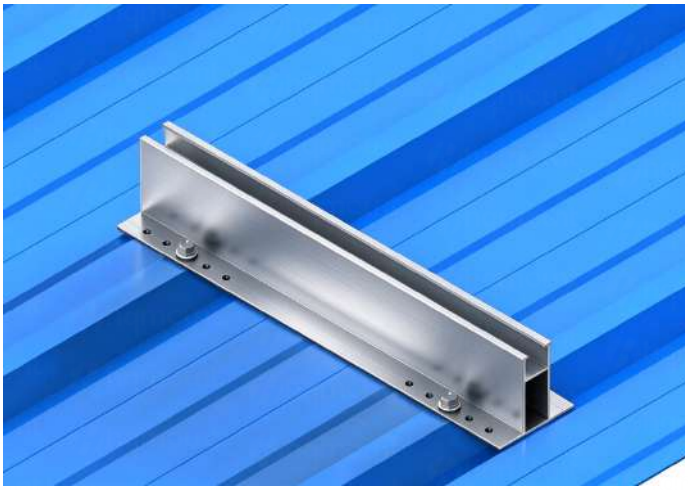

Works with following roof profiles

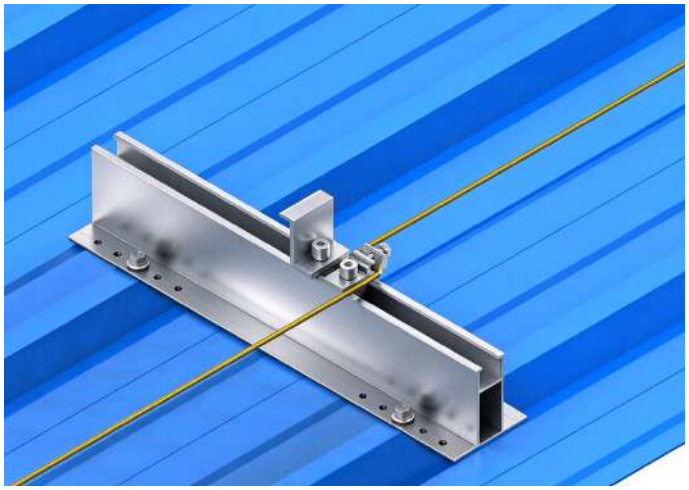

Application

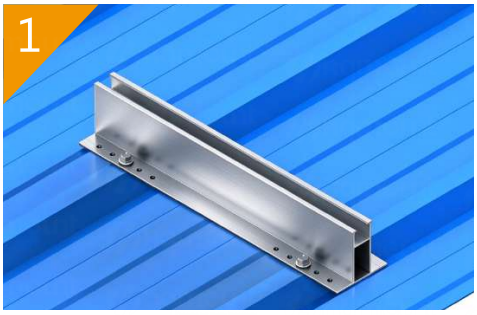

This mini-rail system is optimized with minimal components for superior time- and cost-saving efficiency. It enables faster installation and simplifies logistics & on-site handling.

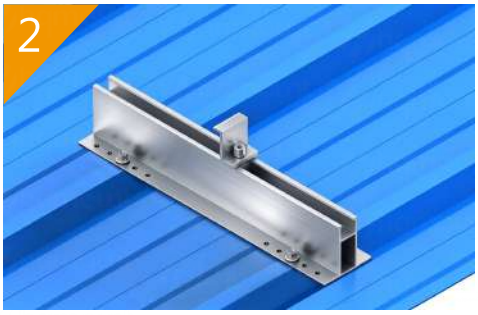

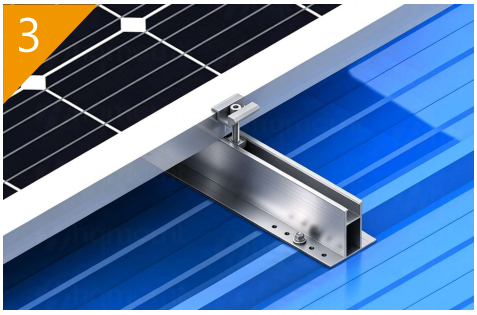

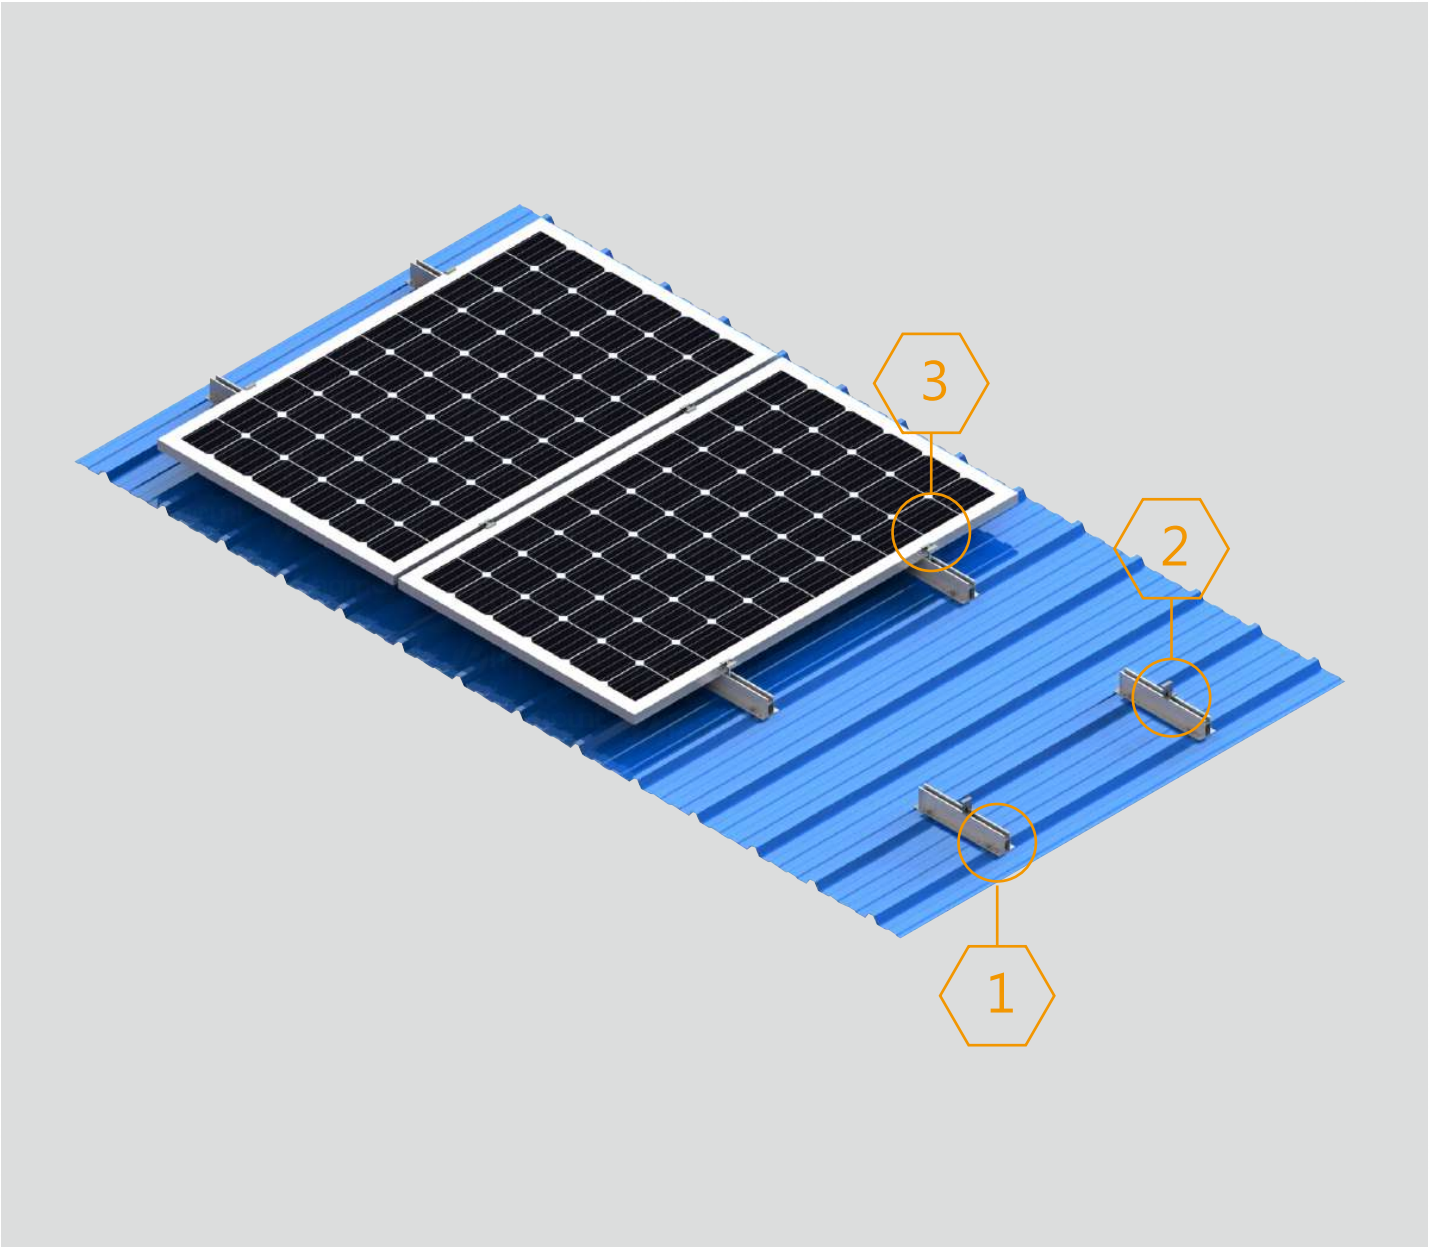

Application

Installation with HQ U50 mini-rail system
